

PC Mall Corporate Access Pages

Efficiency, flexibility and convenience at your fingertips!

Save time and money with a customized, secure Corporate Access Page!

PC Mall can save you time and money with a range of free services we provide to our qualified business customers. These services are just a mouse-click away—on a customized, secured Web site called a Corporate Access Page (CAP). CAP sites are designed specifically for business, government and education IT and purchasing professionals.

CAP features:

- ▶ Order Status and History
- ▶ Fast and Easy Requisition/Quotes
- ▶ Secure Log-In
- ▶ Customized Pricing
- ▶ Custom Access Management
- ▶ Frequently Purchased Products
- ▶ Dedicated support
- ▶ Serial # Tracking
- ▶ Employee Purchase Programs

CAP benefits:

- ▶ Place and track orders at your convenience
- ▶ Product requests easily convert to orders
- ▶ Increased security protection at the log-in level
- ▶ Maximize the volume of savings for your business
- ▶ Automate purchasing authority levels
- ▶ No need to search for standard products
- ▶ Easy access to your dedicated support team
- ▶ Simplify tracking of assets and purchases
- ▶ Save your employees money

Order Status and History Reports

Effectively manage your purchases with our customizable order status and history reporting tools. Search on any criteria and download information for you to analyze in different formats. Your CAP site provides real-time order status with the ability to check on delivery status by tracking number.

Requisitions/Quotes

No need to duplicate your purchase requisitions each time you make a purchase. Your requisitions/quotes are easily converted to orders instantly.

Secure Log-In

To guard against credit card fraud and to protect your personal information, we employ the latest Secure Sockets Layer (SSL) encryption technology in all areas where your personal information is required. For your protection, pcmall.com is certified by Verisign. In addition, more security is provided to customers through password protected accounts.

Customized Pricing

Your CAP reflects your organization's pricing structure, including Volume Pricing Agreements and special pricing programs through manufacturers. With this benefit, your organization can obtain the most competitive prices on volume orders.

Customized Access Management and Site Features

Automate your purchasing approval process. You decide which members of your staff will have CAP access and set their levels of permission to view prices and place orders. Our sophisticated and flexible User Management tool allows you to allocate access permissions to groups or individuals as best fits your organization. Your site is also customizable so that you can focus on the products that are most important to your organization.

Easy and Quick Access of your Account Manager

At PC Mall we believe the best customer service starts with the basics—attention to detail, responsiveness, solid product knowledge, and professional dedication at the individual level. Therefore, a dedicated account manager will be your primary contact to support you in all your requests.

Employee Purchase Programs

PC Mall is now able to offer our full assortment of PC and Mac hardware, including desktops, notebooks, printers, displays and a complete assortment of software titles to all employees of our corporate customers at discounted pricing through our enhanced Employee Purchase Programs (EPPs). Our Employee Purchase Program allows your employees to offer the same corporate pricing and discounts you receive.
